

Licensing Renewal Categories Conversion

Due to the recent change in the educator licensing renewals, the categories for approved renewal activities have changed. You may choose to renew your license with the former [License 2/3 License Renewal](#) form and associated categories until June 30, 2025. Alternatively, you may choose to use the [New Professional Educator License Renewal Form](#) to renew your license.

In an effort to clarify the relationship of the old renewal categories to the new, please refer to the table below. It will show how the [Former Renewal Categories](#) would be classified in the new renewal system.
