TEACHING PEDAGOGY

"Tell me and I forget, teach me and I may remember, involve me and I learn." — Benjamin Franklin

**Ideas**

- Invite mentee to observe another teacher with you. “Unpack” the lesson for the mentee as you are observing.
- Video mentee teaching. Ask mentee to find two things done well and to set goals for two things they feel need to be improved.
- Co-teach a lesson. Mentor will teach the portion of the lesson the mentee needs help.
- Review co-teaching video and celebrate good teaching strategies. Set two goals for improvement.
- Plan a lesson together that incorporates the good pedagogical parts of lessons observed. Discuss ways to address and improve goals.
